Dear Mr. Fead:

Per our telephone conversation of September 12, 1980, enclosed is a copy of Ecology & Environments employees letter of introduction which is signed by the USEPA Region V Administrator. The letter states we are contract employees of the EPA, our potential scope of work at a site, the inspections statutory basis, and that we are covered under 40 CFR Part 2 for protecting confidential information.

Also, enclosed is a copy of an additional memorandum on confidential treatment on certain information which we are allowed to sign. Hopefully this meets your needs at this time, if there are any questions please do not hesitate to call.

Looking forward to talking to you in the near future.

Sincerely,

Frederick M. Bauer, P.E.
